

Turning Insight into Impact.

Are you...

-  Drowning in dealership financial reports that don't deliver clear answers?
-  Wasting time on manual, error-prone reporting processes?
-  Struggling to benchmark performance across brands, locations, or business units?
-  Ready to transform your group's numbers into powerful, actionable insights?

Why run your dealership on assumptions when you can lead with clarity?

Pentana IQ's Power Insights turns your trial balance into graphical formats and visualisations, customised KPIs, and instant management-level reports.

No delays or uncertainty—just clear, fast, actionable insights to boost performance, efficiency, and results across every site, brand, and manager.

What's in it for you?

Instant Clarity

Visualise your financials with graphical trends and insights, measure employee impact, and uncover missed opportunities, driving real results.

Actionable Decisions

Benchmark and KPIs across brands and locations to spot gaps faster with performance comparisons.

Faster Reporting

Create management-level reports fast. Export, filter, and share with one click.

Complete Control

Customise KPIs, manage users, and adapt reports instantly.
